EXPERIENCE

FLUTTER DEVELOPER INTERN PROGRAMMING HUB PVT. LTD.

Mar 2023 – Jun 2023 (4 months)

Worked as a front-end developer intern where I developed responsive landing pages which describes the features of the applications. Also developed few mobile screen UI's using flutter.

Learned new concepts about the designing and animations in flutter. Got the opportunity to work with real time projects.

PROJECTS

1. CASH EXCHANGE APPLICATION

Developed a flutter-based user-centric mobile application using Flutter, designed to facilitate the exchange of cash and online money. The app connects users (in-app chat) seeking to exchange different forms of money (digital or cash)

2. NOTES TAKING APPLICATION

Flutter Based Notes Taking App which lets you store your notes directly to the database (firebase) and can access them anytime by logging in to the application.

3. CONTACTS MANAGEMENT SYSTEM

A dynamic and user-friendly web application developed using Java Servlets and JSP (Java Server Pages) technologies. The main goal of this project is to provide users with a convenient and efficient way to store, organize, and manage their contacts info. in encrypted format.

I hereby declare that the above information is true to the best of my knowledge.
